**Chairman Martin:**

**As a partner in The Curtis Group, an advertising and consulting firm for Beaumont Hospital -- the largest hospital in the Detroit area, I am writing on behalf of WYCD-FM the CBS country station in the market.**

**Beaumont Hospital is the Children's Miracle Network hospital in Southeast Michigan. For the past two years, WYCD-FM has been instrumental in creating awareness for the hospital's children's programs as well as raising money through the sponsorship of concerts at a major venue in the area.**

**To date, they have donated countless hours of their own personal time, on air promotion of the events and onsite remotes at the hospital at absolutely no charge. They have worked with the Palace of Auburn Hills to make all of this possible. Their in-kind contribution to the hospital totals hundreds of thousands of dollars -- which does not even include the money raised from the events.**

**Everyone at the station is truly committed to helping the hospital provide the various items that aren't in the hospital's budget. As a not-for-profit entity, this truly makes a difference for the parents and the children who are patients.**

**And most importantly -- each and every person at the radio station is great to work with. They are committed to making a difference in the community.**

**Sincerely,**
